## Healthy living services.

At MedicX Pharmacy we try to ensure we offer the services that patients in your community need to help them be healthier. We go to great lengths to provide the best quality traditional pharmacy services that you can rely on and to innovate new services that you may need.

We'd like to offer you the chance to have your say if you feel that there are any other services that may be useful to you and your community.

We will certainly try to reflect any request that are common in your feedback and provided it is legal and ethical we will consider any suggestion that you make.

## Have your say.

Please take a minute to tick the boxes on the following page next to the services that you feel are useful to you and your community. If there are any other services that you feel may be useful please write a short explanation of what they are in the space provided overleaf.

We try to make your healthcare easier to understand by helping you answer these three questions. The services below each of the following questions can help you find an answer.
