How can we help you...

be healthier?

Now and in the future

We offer a range of healthy living services to help answer your key healthcare questions:

How healthy are you right now?

Is your health at risk in the future?

How can you improve your health?

Please ask a member of our pharmacy team if you would like to know more about how our services can help you.

We are specialists in providing the traditional pharmacy dispensing services you know and rely on and offer additional, locally commissioned services as listed below on behalf of your local Primary Care Trust (PCT).

Minor ailments service

Medicines supervision

Emergency hormonal contraception

Needle exchange

Stop smoking services

We are continually developing our services to help you understand your health and how you can answer your key healthcare questions. Our range of MedicX Pharmacy services are designed to support you so that together we can start to improve your health.

Blood pressure services

A simple blood pressure measurement and lifestyle assessment will allow our pharmacist to give you the advice you need to help you manage your blood pressure.

Health promotion services

A consultation with our pharmacist will help you understand how healthy your lifestyle is and what you can do to improve your health, one step at a time.

Diabetes services

A measurement of your blood glucose forms the basis of a consultation letting you know your risk of diabetes and helping you to understand the condition.

Cholesterol services

Our pharmacist can assess your cholesterol levels, providing you with advice regarding where to obtain help if needed. Please ask a member of the pharmacy team for information about the availability of this service.

Collection and delivery services

Our pharmacy team can arrange collection and delivery of your prescriptions on a regular basis. Helping you access your prescription, where and when it suits you.

Healthcare services

We have a team of healthcare professionals providing a wide range of services from our pharmacy such as Aromatherapy, Reiki and Reflexology. Please ask our pharmacy team for a full range of our Healthcare services.
